# Why us?

## Vision

**PortoTire revolutionize retirement planning by offering advanced financial tools, expert guidance, and a supportive community, empowering users to secure a comfortable and fulfilling retirement.**

## Mission

**PortoTire provide innovative and accessible financial planning solutions, enhance financial literacy, and offer personalized support, ensuring a secure and prosperous retirement for our users.**

# Problem Statement

1

## **The elderly do not understand**

They will highly depend on their children.

2

## **Inflation**

As the cost of living rises, the value of their savings diminishes, making it harder to maintain their standard of living during retirement.

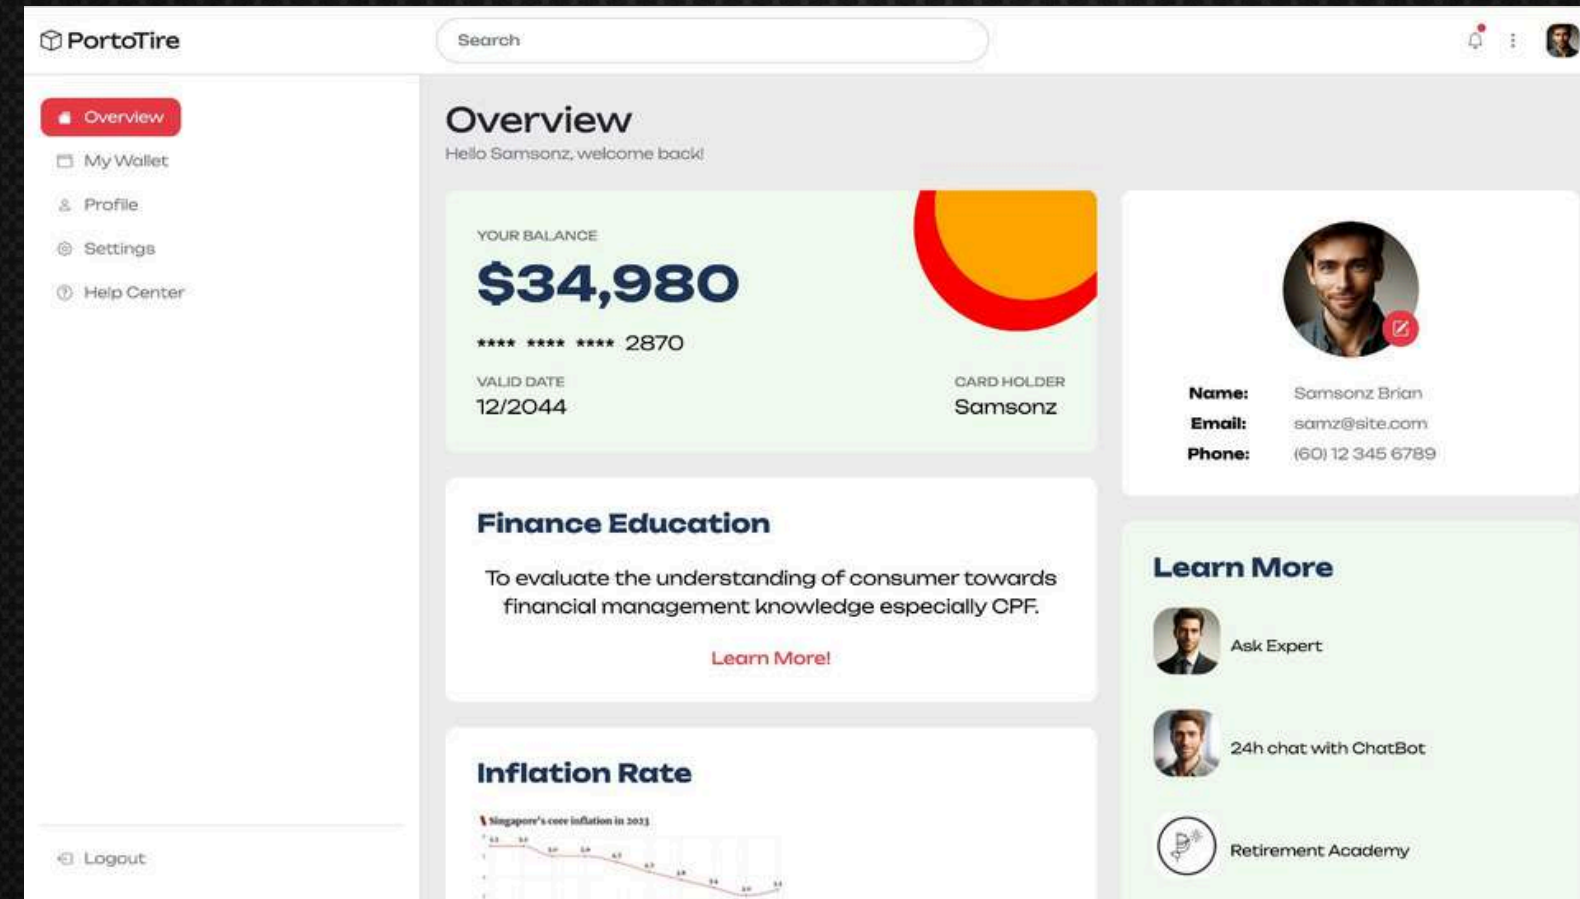

3

## **Regeneration**

Senior citizen's CPF is not enough, yet hard to find job.

# Introduction

PortoTire is an innovative retirement portfolio management application designed to provide comprehensive financial planning solutions for individuals preparing for retirement. Our platform leverages advanced technology to address key challenges, ensuring users can secure a prosperous and stress-free retirement.

**Financial  
Calculator**

**Educational  
Modules**

**Expert and AI  
Assistance**

**Sponsorship  
Programs**

**Retirement  
Academy**

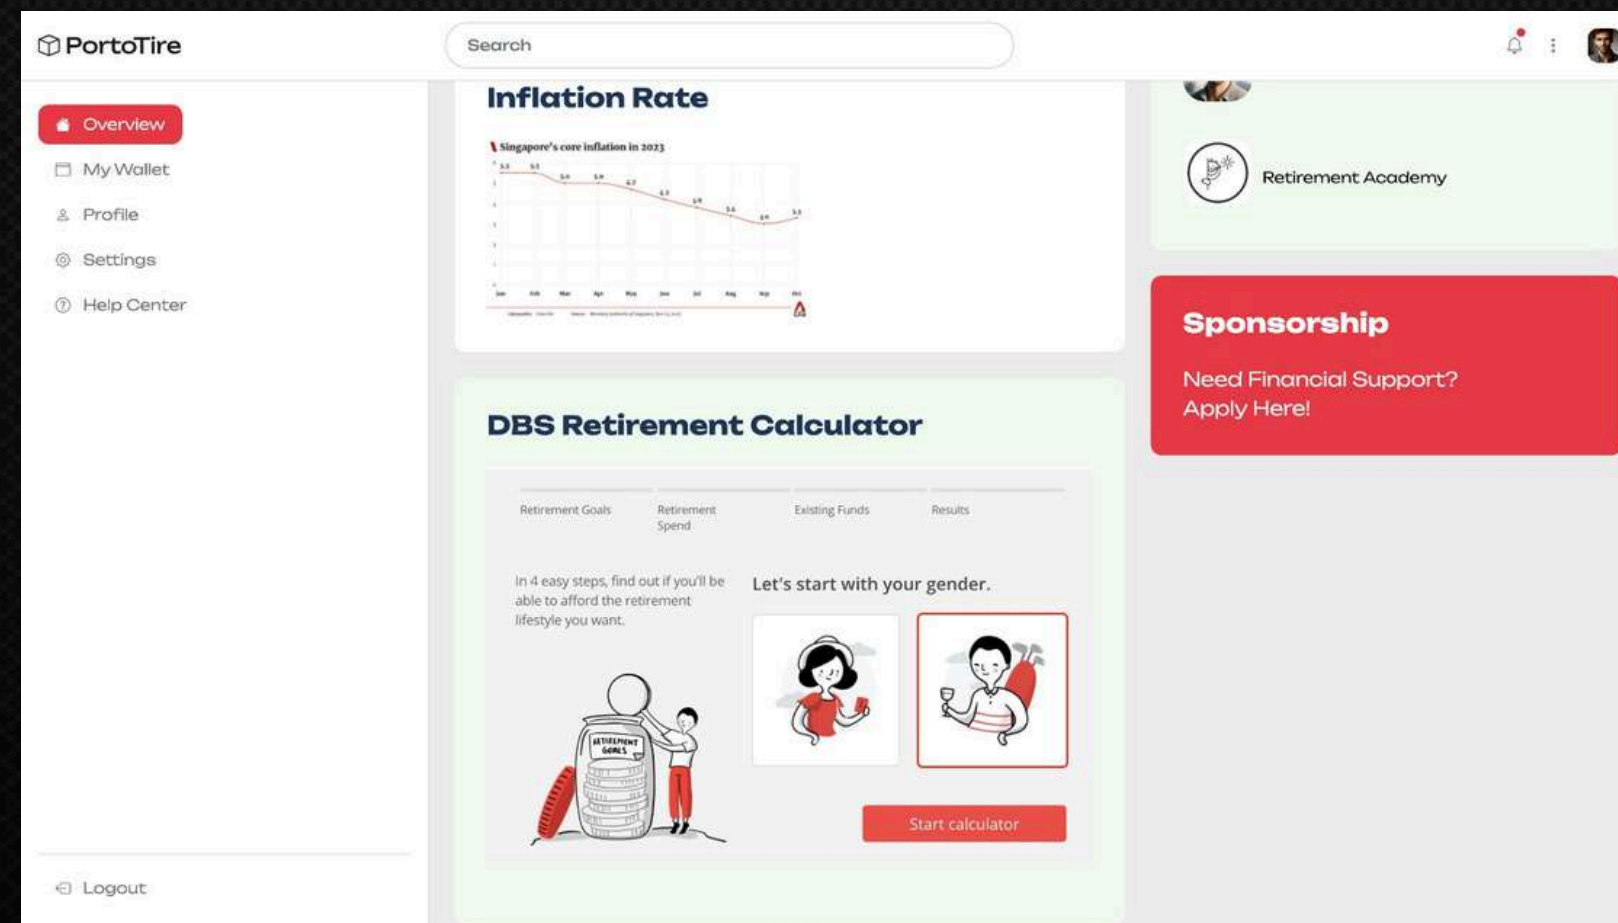

# Framework

## Personalized Financial Calculator

Provide a few questions about user personal data to help client understand how much they need to save to maintain their desired lifestyle, even as prices rise. And have service to identify which country is fit for the client to have their retirement life.

## 2 Educational Modules

Provides a few questions about financial knowledge. This feature made to measure the knowledge of the elderly about the financial knowledge, if they fullfil the criterias, they do not have to take more lessons. But if they did not fullfil the criterias, they have to take a few courses (training) about financial. This can lead into retirement academy.
